

Governor Lee signed an order about air ambulance memberships. As a result, air ambulance companies cannot sell them to people they know are enrolled in TennCare Medicaid.

If you paid for a membership before you enrolled, let the company know you are getting TennCare Medicaid. This should be done within your first 30 days of enrolling. You will get a refund from the company when you do. The refund will be from the time you enrolled through the date your membership is set to end.

The company does not have to give you a refund if you fail to tell them you are getting TennCare Medicaid within your first 30 days of signing up. You can still use the air ambulance services, though.
