

# WASHINGTON OTC PDL

8/1/2017

## Preferred Drug List

Please refer to the OTC preferred drug list (PDL) when prescribing for Amerigroup Washington members. Effective 8/1/2017, the state of Washington will limit coverage of OTC medications for its members. All OTC products not included on this list will be considered a benefit exclusion.

The medications included in the PDL are reviewed and approved by the Pharmacy and Therapeutics Committee, which includes Practicing Physicians and Pharmacists from the Amerigroup Provider community. The goal of the PDL is to provide cost-effective pharmacotherapy choices, based on prospective, concurrent and retrospective review of medication therapies and utilization.

Unless otherwise noted, the use of available generics is required. Multisource brand-name drugs require prior authorization.
